

*We need you!*

## *Semester / Bachelor or Master's Thesis*

### ***WE NEED YOU!***

Would you like to implement your clever and innovative ideas together with us? As a leading manufacturer of machines and equipment in the packaging industry, we always face exciting **mechanical and electrical engineering** challenges. You will support our research team in Switzerland in evaluating new innovative solutions from the idea to the prototype. Depending on the project, you will research new methods, design, assemble, test or optimize prototypes.

## ***Mechanical, Systems or Electrical Engineering Students.***
